**Tools & Technologies:** OpenAI API, Git/GitHub, Postman, Vercel, Render, Figma, VS Code

**AI & Automation:** OpenAI API, Claude AI, Codex, n8n

## PROJECTS

**Lumispire for LTC Group of Companies** **2026**

- Developed a centralized web and mobile platform integrating three companies into a unified system for booking services, TESDA training center management, and manpower operations, streamlining workflows, improving operational efficiency, and enhancing service accessibility.

**Hotel and Resort for Patio de Lorenzo** **2026**

- Developed an AI-powered web and mobile booking platform featuring immersive virtual tours for realistic property exploration, real-time chat, OpenAI-based ID verification, personalized recommendations, and an AI chatbot to enhance guest experience and streamline reservations.

**Training & Assessment for Multi Services INC.** **2026**

- Developed a web and mobile platform integrating RFID attendance, student-instructor communication, automated certificate generation and verification, and personalized learning roadmaps.

**Manpower Services for LTC** **2026**

- Developed a web and mobile platform featuring ATS-based resume screening, OpenAI-powered ID verification, payroll and billing management with downloadable PDF reports, and an employee portal for payroll access.

**Silingan Lifestyle Solutions** **2026**

*In Development*

- Developed a responsive business website showcasing property management, cleaning, concierge, travel, event planning, and photography services, with ongoing development to enhance functionality, user experience, and business operations.

## EDUCATION

**Bachelor of Science in Information Technology** **July 2023 - Present**

National University - MOA

Major in  in Mobile and Web Applications

- Consistent Dean Lister (2024 - Present)
- Attended “Manila AI: Chatbot Technology Innovations In The Age of AI and ChatGPT 2025”
- 16th PALSCON National Conference
